## RUSSIAN FLEETS ESCAPE

From Port Arthur and Vladivostock and are Supposed to Have Effected a Junction at Sea. Japs Know Their Whereabouts

### FLEETS MUST FIGHT FOR SUPREMACY

Japanese Will Land a Large Force on the West Side of Manchuria From the Gulf of Liao to Cut Off Port Arthur. Details of Previous Attacks on Port Arthur. Everything is Quiet in the Port Arthur District. Operations Around New Chwang

#### Russian Cruiser Damaged

Tokio, March 15.—A fight occurred off Port Arthur on Sunday in which the Russian cruiser Diarr was damaged by shells from the Japanese ships.

#### Seeking a Way Out

Tokio, March 15.—It is strongly believed here that the Russian fleet, although Port Arthur after the fourth attack was made upon it by the Japanese fleet, and is arriving to get to Vladivostock.

#### Land Operations Near Port Arthur

Port Arthur, March 15.—Everything is quiet in Port Arthur district and nothing has been received here from the scene of the land operations where the movements of the opposing forces are evidently confined to reconnoitering.

#### A Fabrication Nailed.

St. Petersburg, March 15.—The report from New Chwang that four Russian steamers have been sunk at the entrance of Port Arthur after the removal of the battleship Retizan, is authoritatively denied here.

#### The Cost of War.

Tokio, March 15.—The Japanese finance minister estimated the cost of the war at \$265,000,000. Japan is in a position to maintain the war for a year and a half without borrowing money.

#### Japanese Injuries.

Nagasaki, March 15.—The cruisers which took part in the bombardment of Vladivostock, have arrived at Suixi. They include the Private, the Idzumi, the Chitose, the Kagami, the Asama and the Etsu-no. The officers on board the Russian merchantman Akatrinovsk, reporting having seen four Japanese cruisers arrive at Suixi, badly damaged. There were also two transports with wounded men on board.

#### Desperate Naval Battle.

Tokio, March 15.—The last fight at Port Arthur between the Japanese torpedo boats and the Russian destroyers was a desperate one. The Japanese torpedo boats and the Russian boats were closer together than reported by Admiral Izo and at this time the battle was the fiercest of the present war. After a hand-to-hand fight, the four Japanese torpedo boats surrounded the Stereguschichi, which was finally destroyed, and a desperate fight ensued, in which the Japanese showed the utmost courage and the Russians repeatedly tried to break through the Japanese line. The Russians attacked the Stereguschichi was so damaged and could not reach the harbor. The Stereguschichi was so damaged and could not reach the harbor. The Stereguschichi was so damaged and could not reach the harbor. The Stereguschichi was so damaged and could not reach the harbor.

#### Russian Fleets have Escaped.

Tokio, March 16.—A rumor has been current here today to the effect that the Russian fleet escaped from Port Arthur on the night of March 11th, and that the few cruisers at Vladivostock also got out, and that the whole Russian fleet is now at sea.

News of a great naval battle is expected and a serious situation would be created if the Russians should succeed in evading the Japanese fleet.

#### Huge Sea Fight Expected.

The probability, however, is that the Japanese are in touch with the Russians sufficiently to bring about an action which must be decisive and put an end to the Russian naval power in the east.

#### Port Arthur Suffers Severely.

Chefoo, March 16.—Refugees from Pigeon Bay say the loss of life at Port Arthur by last Thursday's bombardment will exceed one hundred. Great damage was done in the forts. Several Japanese shells destroyed the batteries on Golden and Sunrise hills. Two shells destroyed the war building. Nearly every shell that reached the ports of the city exploded. Two shells wrecked the Russian theatre, and one shell dropped in the park where the Russians were playing national games.

#### Japs Will Land.

A dispatch from Yankov says that Port Arthur will be attacked not later than Wednesday, and that then a landing of the Japanese army will be made on the west side of Manchuria from the Gulf of Liao Tu ng.

#### Wounded Japs.

Nagasaki, March 16.—A hospital ship has arrived at Suixi with nine killed and ten wounded men, the result of the attack on Port Arthur on March 10th.

The wounded are doing well in consequence of the prompt attention they received aboard the hospital ship. Four of the men were scalded severely through a shell piercing the boiler of the destroyer, while others were mostly shot in the abdomen.

#### Details of Previous Engagement.

All of the Russian crew of the Stereguschichi, which the Japanese boarded at Port Arthur were found lying dead on the deck, except four men in the engine room. These were taken prisoners but two of them afterwards died of their wounds. The Stereguschichi sank soon afterwards. The firing had been so severe that the ships resemble a honey-comb.

The exploit of a Japanese sailor in beating a Russian commander with a stroke of his cutlass, has inspired the utmost enthusiasm and admiration in the Japanese army.

#### The Attack on Port Arthur.

Kinkoo, March 16.—Via Tien Tsin.—A new battery of the forward guns from the Tarevitch and Retizan now commands Pigeon Bay. During last Thursday's bombardment the Japanese shells very nearly reached the fleet, many falling into the basin. Only two fell into the new town. The Retizan was not much damaged.

#### J. T. BLOWEY

You will find some of the nicest things in chifoniers at this store ever brought into Edmonton. They are pieces of art furniture. They seem to take the popular fancy and like the cut they are going. We have a very heavy stock of furniture and carpets. Buy for two large stores, so have an advantage. Come and see us.

#### ACCIDENT ON THE C.P.R.

#### PASSENGER TRAIN.

On Sunday Evening near Medicine  
Hat, Edmonton People in the  
Wreck.

Mr. and Mrs. H. Seward returned to  
Edmonton last night. While on their  
way here Sunday evening, a smashup  
was made on the passenger train in  
which they were travelling, which re-  
sulted in a large number of people be-  
ing severely injured and one man  
fatally injured.

About six o'clock Sunday evening  
the passenger train was making good  
progress toward Medicine Hat, and  
was about 32 miles east of the Hat  
when the train suddenly jumped the  
rails. Five coaches, including a  
Pullman, the dining car, one first-  
class coach and two tourist cars, be-  
came involved in the accident. The  
train did not topple over, but the  
first-class coach and the two tourist  
cars did. The dining car was badly  
crushed and a few of the tourist cars  
were dragged upwards of 300 feet.  
Twenty-two people are more or less  
seriously injured, while it is expected  
that one of the men has been fatally  
injured. A woman with a two weeks  
old baby in her arms was in one of

the tourist cars when the accident  
happened. The baby was thrown from  
her arms through the window and  
was picked up alive and well on the  
sloebank several minutes afterwards.  
Many of the tourists had legs and  
arms broken.  
The real cause of the accident is  
now very well known, but it was  
said to have occurred from defective  
rails.

#### DEBATE IN PROGRESS

#### IN HOUSE OF COMMONS

Casgrain Attacks Bourassa and is  
Worsted. Tarbo Speaks for the  
Conservatives Today

(Bulletin Special Dispatch).

Ottawa, March 16.—The debate on  
the address in reply to the speech  
from the throne commenced yester-  
day. Casgrain, Bennett, Smith and  
Robinson spoke.  
Casgrain attacked Bourassa for be-  
ing an "anti-imperialist." Bourassa  
made an able defence and reiterated  
on Casgrain that he was an anti-im-  
perialist in Quebec and an ultra-im-  
perialist in Ontario, and proved it.  
On the whole the day's debate was  
very interesting. It is expected that  
the debate will close not later than to-mor-  
row.

#### LIEUT.-GOV. MCINNIS

#### DIED IN VANCOUVER

Last Night. He Had Been Ill for  
Some Time with Heart Trouble,  
Which Caused His Death

(Bulletin Special Dispatch).

Vancouver, March 16.—Ex-Lieuten-  
ant Governor McInnis died about ten  
o'clock last night. For some time  
he has been ill with heart trouble.  
Yesterday he had an attack which  
proved fatal.

He leaves a widow, two sons, J. S.  
McInnis, barrister, of this city, and  
W. B. McInnis, of Victoria; a daugh-  
ter, Mrs. Jas. Wilson, wife of the  
superintendent of C. P. R. telegraphs  
on the Pacific division.

allow the British Columbia Japanese ex-  
clusion act.

#### DIED FROM

#### HEART TROUBLE.

Lieutenant Governor McInnis died  
from heart trouble last night.

#### THE SOLUTION

#### OF THE TROUBLE.

The railway commission has grant-  
ed Port William and Port Arthur  
telephone communication rights with  
the Canadian Pacific railway station,  
but they must compensate the Bell  
Telephone company first.

#### FROZEN TO DEATH

Word was brought to town this  
morning that a farmer named Jacob  
Lutke was frozen to death near  
Dried Meat Lake, about forty miles  
east of Wetaskiwin, two weeks ago  
Monday. We have been unable to  
obtain particulars of the fatality, but  
the report is accurate.

## COUNCIL MEETING

The regular meeting of the Edmonton city council was held in the usual place last night. Mayor Short and Councillors Grier, Fraser, Cushing, Ross, May and Peadar, were present. The session, contrary to expectations was a short one and only routine work was transacted. The minutes of the last meeting were read and adopted on motion of Councillors Cushing and Fraser.

**Communications.**  
 G. A. Simpson, of Montreal, wrote regarding the sale of debentures. The letter was filed.

G. K. Willett wrote from New Brunswick asking what the license fee would be for selling washing machines.

The manager of the local branch of the Imperial bank, asked for the privilege of withdrawing his letter of the third inst., in which he had requested the town to withdraw their account.

The secretary of the Manitoba and Northwest Territories fire underwriters' association forwarded a copy of the building ordinance to the council.

Telegrams and a letter from W. T. Ashbridge, declining the position of city engineer and thanking the council for the honor conferred on him, were read. Mr. Ashbridge has accepted a position with Mr. Chipman at Moose Jaw similar to the one he occupied with him here.

Geo. J. Hicks, representing John Foreman & Company, of Montreal, dealers in electrical supplies, wrote regarding the tendering for the new electric light extension requirements. The secretary treasurer was instructed to notify him that any information on the subject would be satisfactorily received by the council.

H. Gullison laid before the council the details of an accident he had met with while driving across the bridge at Rat Creek on Namsay avenue. One of the horses stepped in a hole in the bridge and had its leg broken, which necessitated its being shot. He asked that he be recompensed for this loss to the amount of \$75. The matter was referred to the Board of Works committee to confer with the solicitor and bring in a report.

The Griffin Coach, Parlor and Furniture company asked what assistance the town could grant them on the construction of a manufacturing establishment in Edmonton. The upholstering, spring bed and mattress departments would necessitate an outlay of about \$5,000 to commence with. A two-story building would be required. From ten to fifteen hands would be employed at the factory. The matter was referred to the finance committee to bring in a report.

Willis Chipman wrote from Toronto regarding the defective pipes and pumping machinery purchased from the Canadian Foundry Company for the Edmonton waterworks.

Mr. Thorold, city engineer, Calgary, in a communication stated that the Calgary council had decided on a plan of street naming and house numbering.

H. W. Heathcote, secretary-treasurer of the fire brigade, advised the council of the election of W. J. Johnston as assistant chief.

Returning officer G. J. Kinnaird reported the outcome of the polling on the street railway agreement.

An extensively signed petition asked that the Union band, which had now been organized for a number of months, be officially recognized as the city band. Councillor Peadar urged this strongly and it met with the unanimous approval of the council. The members of the band are: L. York, H. Murel, P. Keil, G. Corviesse, Jas. E. Reid, J. Schlette, J. L. Protost, W. Hillman, R. Duplessis, G. Rinaldi, J. G. Fairbanks, A. Chaboussau, J. Schmidt, E. Buissette, J. Sangre, Montgomery, Hastings, Duplessis, Lezansky, Miller, J. York, Hutchinson, and C. E. Cope.

E. D. Grier, W. J. Walker, H. Bets, P. Feinick, K. A. McLeod, Revillon Freres and others, who have erected solid brick blocks in Edmonton, asked that they be not assessed at more than half their value. This was referred to the assessment committee.

## Reports.

Reports were submitted from Engineer McNaughton and from N. B. Peck.

The question in the event of a tenant failing to pay his electric light bill, then the owner may be held liable, was referred to the Fire, Water and Light committee to report on.

Rev. A. M. McDonald, on behalf of himself and Mr. Gilbert, a committee appointed by the Literary and Mechanical Institute to interview the council, stating the object of their presence, to ask for a grant of \$200 to defray the liabilities of the society for the last institute year. The society raise a great deal themselves, but are \$200 short. The work carried on by the society was briefly outlined. The matter was referred to the finance committee for report.

It was decided to call a public meeting to discuss the by-law to be submitted to the ratepayers for the raising of money for the extension of the electric light system, for Wednesday evening, March 23rd.

The question of purchasing a horse for the five protection system was discussed and Chief Lauder, was instructed to rent a horse for the present and a committee of the council was ordered to purchase another horse immediately.

The council then adjourned to meet on Thursday afternoon at 3:30 o'clock and Tuesday evening next.

## FUR PRICES.

The bottom seems to have fallen out of the London fur market. For some time past fur prices had been steadily increasing until the crash came in January, when the prices of all lines dropped from ten to forty and fifty per cent.

Fur buyers held different opinions regarding the March sales. A few thought that the market would perhaps right itself. The sales commenced Monday in London, England, but instead of the market strengthening, as some expected, further heavy reductions in prices are noted. At the Hudson's Bay sales in London on Monday the following furs were all reported lower.

Otter, 22 per cent. lower than in last March.  
 Fisher, 25 per cent. lower than in last March.  
 Cross Fox, 27 per cent. lower than in last March.

Silver Fox, 40 per cent. lower than in last March.  
 At Lamson's sales, cross fox, were also reported 27 per cent. lower.

This continued decline in prices is doubtless owing to the unusual state of the world on account of the Russo-Japanese war.

## NEW ADVERTISEMENTS.

## PUPILS WANTED.

A school teacher with first-class diploma and best references, will give French lessons every day from 9 till 11:30 a.m., and from 1 to 3:30 p.m., to begin from the 1st of April. ## SPORTS

## HURLING.

A couple of scheduled games were played at the curling rink last night. The team defeated Pearson for the Shaw cup by a score of 9 to 8. Rae defeated Bellamy for the Hardy cup by a score of 14 to 4.

## SPLENDID HOCKEY

The first of a series of two matches took place on Thistle rink last night between hockey teams representing the McKays and the Queens. The McKays had a player from the C. M. B. A. school. Quite a large number were present. The little fellows played splendid hockey and a particularly fast game was put up. For the old school Studebaker and Huestis played brilliant games, and McKenny and Brandon for the new school. Both goalkeepers did good work. The game was anybody's until full time was called, when the new school had scored but once to their opponents' twice. The game seemed to show that there is splendid hockey material among the Edmonton juveniles and that before many years these boys will be occupying positions on the senior teams.

The line-up of the teams was:  
Old P. S. Goal. New P. S.  
Goalkeeper. Goalkeeper.  
Defence. Defence.  
Centre. Centre.  
Left Wing. Left Wing.  
Right Wing. Right Wing.  
McMillan. McMillan.  
W. Lyons acted as referee.  
The second game for the medals will be played this evening. Each side is confident of winning.

## LOCAL.

Mrs. Edwistle and daughter left Tuesday morning on a visit to Cranbrook, B. C.  
The Irish national concert will be held in Robertson Hall tomorrow evening. A splendid program is promised.  
The second game in the series between the old and the new public school took place on Thistle rink last night.  
My Friend From India will shortly be presented in Edmonton by local talent. This play was given here some time ago with great success under the same management.  
The Edmonton Operatic and Dramatic society have a splendid practice in St. Andrew's hall last night of The Chimes of Normandy, which they will present for four nights, commencing April 6th. The next practice is for Friday evening.  
A number of the members of the Young People's Union at the Baptist church, visited the young people's meeting in Edmonton Baptist church Monday night.

Monday night. A very enjoyable and profitable social evening was spent. A program of vocal and instrumental selections was rendered and refreshments were served.  
Chas. May, of May & Co., contractors, returned from a business trip to Winnipeg last night. While there he secured the contract for the construction of the new Hudson Bay block in Edmonton.

## PERSONAL

Mr. and Mrs. H. Second returned to Edmonton last night.  
Mr. J. D. McVicar, owing to illness, will not be at home to her friends during March.  
Mr. Chas. Forsyth returned to the city on Saturday evening from Winnipeg.  
J. D. Maloney arrived in Edmonton yesterday from Edison and reports everything flourishing in that new district. The roads have been very heavy recently from the great snowfall. He leaves for Edison tomorrow.  
Mrs. A. B. Lang arrived in Edmonton last night from Owen Sound on her way to Fort Saskatchewan. She was in the wreck of the C. P. passenger train west of Moosejaw on Sunday.

## PARADISE CROSSING

The farmers are hurrying their logs and lumber out of the woods, and many loads pass every day.  
The driving is very hard, as snow has been falling continuously for three days, drifting part of the time, and shows no signs of stopping.  
Mrs. Sutherland has been authorized to select a site in the neighborhood of Sucker Creek, for the making of a dam.  
March 9th.

## HORSE HILLS.

Chas. Corbaird, of this district, left today with a load of freight for Athabasca Landing.  
A very serious accident befell Mr. A. Watson, of Fort Saskatchewan, on Saturday last. He and Mr. Shipley, of the Queens hotel, were returning from Edmonton when, on reaching the Halfway House, where there are a number of very deep pitch holes on the road, the pole of the cutter suddenly broke, and Mr. Watson was forcibly thrown onto the dashboard, and the back of the cutter breaking. Mr. Shipley fell off behind. Proving assistance at the Halfway House, both men were driven to the fort, where Mr. Watson's injuries were attended to. His face was badly cut and bruised. Latest reports state that Mr. Watson is doing as well as could be expected.  
These pitchholes are a nuisance on the road, and something should be done at once to level them off. Under the present unsettled condition of affairs owing to the late change in the local improvement district, it would be useless to appeal to the overseer for repairs, for as yet no overseer has been appointed. It is up to the farmers to get together and fix these pitch holes immediately.  
March 10th.

## THE WEATHER

March 15th.  
Maximum temperature, 15.  
Minimum temperature, 4.

## The Great No. "72"

That's the name of the cigar I make and send all over Canada, registered and paid for by me. Send me \$2.50 for a box of 50. Smokes 5 and returns 45 and I return your \$2.50. That's my guarantee. They will keep them for you more. Why? Because they are worth double the price, and this is the only way to get a fine Havana smoke delivered at 5c each and sent to you. No dealers, agents nor commissions. I refer to my work in Toronto. I sell cigars to smokers only, though I sell to clubs in 1000 lots and put their names on the boxes as their special.

R. FERRIS, 67 King Street East, Toronto

## The National Fire Insurance Co

Is a local institution, established here, and belongs to the people. Should be patronized by all citizens of the district.

to be met me, and not of farmers; the affairs of the district and of the insurance matters

\$300,000.00 was written during the month of February, 1904.

For information apply to H. Office, in next Edmonton.

Agents wanted at all points represented. Liberal Commission will be paid.
